

# SPORTS CHAPLAINCY NATIONAL CONFERENCE

**“Raising Your Game”**

**15th - 16th June 2018**  
**Induction Training Day Thursday 14th June**

LIFE CHURCH, WAPPING ROAD, BRADFORD, BD3 0EQ.

Within the world of sport, a key component is about raising your game. Be it an individual sport or a team game the shout will go out “We need to raise our game”. That will inevitably involve looking at improving in a number of areas, including, diet, fitness, rest, technical ability, mentality and often spirituality.

For us, as Chaplains in the world of Sport, we should always be looking to “Raise our Game” indeed one of our core principles is that of excellence. As Christians called

to this task we need to always give of our best and in striving to serve Christ we need to ensure we are equipped for the task.

The Conference this year is focusing on equipping us and developing our own CPD (Continuous Professional Development) in offering a wide range of workshops as outlined below that we can opt into, as well as further theological reflection in our work, to help us raise our game and give of our best to those we strive to serve.
